

# ARTISAN HIGHLIGHT | TATIANA

For years, Tatiana sold items on the street to try and earn money to help her family. She learned how to make jewelry after a friend introduce her to Fabretto's free skills training program. Now she helps her parents provide food and pay for her siblings' school fees. She wants to study business administration and help others provide for themselves, just as Fabretto has helped her.

HANDMADE IN NICARAGUA

Every purchase provides FMSC meals and builds sustainable communities.
