*"As a church, **we go through lots of coffee.** It just made sense to us that when we could choose where to purchase our coffee, why not choose coffee from one of our partners?"*

Beth Yokley, Missions Pastor

### Why Hope Blend?

This coffee was grown by coffee farmers in a local cooperative near Cusmapa, Nicaragua. Each case of Hope Blend coffee provides 984 FMSC meals! Not only will you provide a great cup of coffee but you will support farmers and provide meals for hungry kids around the world.

This Nicaraguan coffee is a medium roast and has medium acidity and body. We have noted aroma and flavors of peanut, melon, and apricot. The finish is bright, yet dry!
