

GLITTER CUPCAKE TOPPERS

by Clever Poppy

Add some sparkle and fun to your next celebration by making these DIY cupcake toppers with **Scotch® Expressions Glitter Tapes!**

1 - Draw stars onto a piece of paper. You can trace the stars off my template (link below).

2 - Turn the paper over and lay strips of tape on the back of the star.

3 - Cut out each star.

4 - Pop the stars on a piece of baking paper (this makes it easier) then lay tape on the other side of the stars.

5 - Cut out each of the original star shapes.

6 - To finish each topper, stick a toothpick to one side using Scotch Transparent Tape.
