

# SCANDI GIFT WRAPPING IDEAS

by Clever Poppy

Use **Scotch® Gift Wrap and Double Sided Tape** this festive season to wrap your gifts in the most beautiful ways!

## Add pretty details with Double Sided Tape

Wrap the presents, then stick Double Sided Tape to the paper and press pom pom trim or flat little ornaments firmly on top of the tape, to create patterns and borders.

## Make pockets with Gift Wrap Tape

Fold paper into tidy strips, then layer it around the package, taping at the back to secure it in place. Use the pockets to add foliage, cards and ornaments. You can use the Gift Wrap Tape to discreetly stick down the foliage and Double Sided Tape to secure any items in the pockets.
