

DIY GIFT BAGS

with Scotch® Gift Wrap Tape

by Clever Poppy

Try these gorgeous and simple gift bags this Christmas!

I've used Scotch® Gift Wrap Tape on this project, because not only does it stick really well, it has a lovely satin finish that disappears on the wrapping paper. So the bags end up looking super stylish and top-notch! It's also my go-to tape for general gift wrapping (I always have it handy with my wrapping supplies), due to its lovely flawless effect.

Below are the step by step instructions on how to make your own gift bags. Have fun and Merry Christmas!

Fold together

Tape together

Fold up

Fold out base

Fold base together

Tape base

Fold base down

Hole-punch x 2

Fill, then tie bow
