FREE FLOATING

Shelf Bracket

The Free Floating Shelf Bracket must be mounted directly into a wood stud.

We recommend fastening directly to stud for

Installation Guide:

Step #1:

Measure & mark out exactly where you are going to mount your Floating Shelf Bracket.

Step #2:

If no wall stud, you must use an appropriate wall anchor for your project.

Step #3:

Install Free Floating Shelf Bracket directly into the wood/metal wall stud using the appropriate wood/metal screws.

NOTE: We have provided wood screws. HOWEVER, make sure the length of the Provided screws are appropriate for your project.

Step #4:

When installing the Free Floating Shelf Bracket, make sure the bracket is level.

Step #5:

Mount your shelf or mantel by inserting directly onto the peg or pegs.

Step #6:

Place a bead of clear silicone on peg to secure shelf to bracket.
