APPLICATION GUIDE

StellaLife® VEGA® Oral Care Recovery Kit

3 • 3 • 3 StellaLife Program

- Start 3 DAYS before the surgery or procedure to increase therapeutic levels.
- Apply 3 TIMES per day, preferably after meals.
- Use all 3 PRODUCTS at the same time in the order outlined below.

Directions

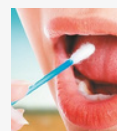

STEP 1 VEGA® Oral Care Rinse
Shake well. Swish 3/4 tablespoon (7-10 ml) for 1 minute, spit out

STEP 2 VEGA® Oral Care Spray
Spray 4 times under the tongue.

STEP 3 VEGA® Oral Care Gel
Apply to the gum at the affected area or procedure site with a cotton swab.

Continue using all 3 products after the surgery or procedure. Refrain from drinking and eating for at least 20 minutes after application. Consult your healthcare professional for use in children under 6 years of age.*

Pre+Probiotic Lozenge Available Separately

Complete Solution

- Gut vegetarian capsules & lozenges
- Vitamins C, D & Zinc
- Spore ingredients**

DIRECTIONS:

Daily: Take 1 capsule by mouth daily and take 1 lozenge daily, allow to dissolve in the mouth. Do not chew. Do not eat or drink for at least 20 minutes. Alternatively start with 1 capsule every other day for 2 weeks, advance to 1-2 gut capsules daily. Oral lozenges available separately.

6 Week Supply

StellaLife® DentaMedica™ Program

Uses

- Enhance antioxidant & vitamin levels**
- Support your immune system**
- Promote the body's healing process**

NUTRITIONAL SUPPORT, DENTAL PROCEDURES**

- Supports healthy bone & soft tissue prior to and after dental procedure**
- Vitamin D3 & Vitamin K2 support bone health**
- Vitamin A plus beta-carotene supports healthy cell growth and maintenance**
- Vitamin C assists healthy tissue growth & collagen formation**
- Additional included supplements help maintaining healthy immune function, protein synthesis and collagen formation**

DIRECTIONS:

FOR PROCEDURES: MORNING: Take 2 capsules with breakfast or lunch. EVENING: Take 2 capsules with dinner. Begin taking the DentaMedica recovery support program between 4 to 8 weeks prior to the anticipated procedure date and additionally for 2 to 4 weeks post-procedure. Your dentist will recommend either a 6-week (1 bottle) or 12-week (2 bottles) program, depending on the overall extent of your procedure, your current vitamin/antioxidant levels, as well as your general health. ** DAILY USE BEYOND PROCEDURES: MORNING: Take 1 capsule with breakfast or lunch. EVENING: Take 1 capsule with dinner. Capsules are better absorbed when taken with food. When taken on an empty stomach, capsules may cause discomfort.**
