HOME

AUTUMN / WINTER 2020

COLLECTION

WELCOME

Introducing you to the J.Elliot Home Autumn / Winter 2020 Collection. After a season spent truly understanding the trends and directions of the future ones, we have curated a collection that embodies the depths and autumnal colour palettes, the warmth in textures that winter calls for and even some trending patterns.

From bursts of colour to neutral tones that celebrate natural fibres, we have something for every taste and eco-conscience. J.Elliot Home is proudly working towards reducing our environmental impact, showcasing products that feature biodegradable, sustainable materials that don't compromise on quality or style.

Following on from this decision to take steps into a greener business, we are ecstatic to launch Lemonade Karma, our eco younger sister brand. Lemonade Karma is our way of helping your customers find easy ways to launch a lower waste lifestyle into their everyday living, in style.

We are also very proud to be supporting artisans across the globe by showcasing talents passed down through generations in our beautifully handmade furniture.

Every piece is unique in its own way just as the home it sits in and the people that surround it.

This is Autumn / Winter 2020.

LAUNCHING LEMONADE KARMA

OUR STORY

We have been working so hard to bring you all our new brand **LEMONADE KARMA**! The idea for the name **LEMONADE KARMA** is sparked from the popular saying 'when life gives you lemons, make lemonade'. Unfortunately due to our actions, we have caused the earth a great deal of harm polluting our habitat and killing off forests, reefs, and species. We as it stands are a lemon but it's time to insight the desire to change into our society and households everywhere, to create a better future and better outcomes; karma. The story of our **LEMONADE KARMA** beeswax wraps is one we are truly proud to share. Its beginnings are in the Palani Hills of Tamil Nadu, India. The honey is gathered by the Paliyan Adivasis, those who live and take care of the forest, gathering honey for days on end with ritualistic practices and handmade tools made from elements of the land they find along the way. The honey is then delivered to a small home, in a village of Kodaikanal where our beeswax wraps are created. Gathered from the communities of the Palani Hills, local women have designed and handmade these wraps with pure cotton and natural beeswax, from their hearts to your home. These creations are their families' livelihood, bringing jobs and revenue in a remote community in India. We are so proud to be supporting women, making their mark from every corner of the world. Purchasing the Lemonade Karma Beeswax Wraps is investing in the Palani Hills and the stories of every woman and her family that reaps the benefits of each sale. So thank you for investing in making our world a better place. Take lemons, make lemonade, create good karma.
