WARM

RAIN

COOL

WIND

These pieces feature fabrics that move moisture and perspiration away from the body to keep you comfortable on course. With the added benefit of providing UV sun protection, these products are recommended for play in warm and sunny conditions.

For decades, FJ has been committed to keeping golfers dry in otherwise intolerable wet weather conditions. Take advantage of the ultimate in golf specific rainwear technology brought to you by the number one outerwear brand in golf.

These products provide extra warmth and protection from the elements through a variety of proven features. From base layers to mid layers to outerwear pieces, there is an extra layer of warmth that is just right for any round.

Providing the best protection against windy conditions, these products not only effectively block the wind but also will shed a light mist of rain.
