Genes® Mell-it®

PROMOTES THE BALANCE OF THE INTESTINAL FLORA AND REDUCES THE ABSORPTION OF FATS

PRODUCT CLASSIFICATION:
Food supplement

ACTIVE INGREDIENTS:
- *Apple vinegar 230 mg*
- *Chromium 20 mcg*
- *Green Tea Extract 200 mg, 30 mg of EGCG*
- *Inulin 153 mg*

HOW TO USE:
Dissolve one tablet in a glass of water (150 ml), twice a day, before or during main meals, preferably at the lunch and dinner.

PACKAGING:
28 effervescent tablets of 4,5 g, in a double foil and inserted in a fold box with leaflet.

APPLE CIDER VINEGAR:

It is an extract fermented from apples of ecological cultivations that preserves in itself all the healthy elements of the apple. It contains vitamins, minerals and trace elements of healthy and ripe apple and useful enzymes. Thanks to the fermentation, these elements are available in a rapidly assimilable form and make it a remimeralizing and invigorating product, with undoubted purifying properties.

INULIN:

It is a dietary fiber derived from the chicory. It is not metabolized by the body and therefore it does not bring calories. It regulates the absorption of sugars and fats in the intestine, limiting the caloric intake. Thanks to its composition it favours and consequently optimally regulates the functions of the intestine.

CHROMIUM:

Contribuits to the normal macronutrient metabolism.

GREEN TEA EXTRACT:

Useful for the drainage of body fluids and for the balance of body weight.
