IUS - INNOVATIVE UTILITY SOLUTIONS PROTECT-TIP BOOM TIP COVER

Two models available:

C4000SO:

Fits all Telelect Commander
C4000 w/ Winch

C5/6000SO:

Fits all Telelect Commander
C5000 & C6000 w/ Winch

A new concept to protect the fiberglass boom tip on your digger derrick. Made of the same material Arctic sleighs are made from. These sleighs haul barrels of fuel in remote regions in the harsh tundra landscape. The "Protect-Tip" can be field installed in a few minutes and it is dielectric tested in laboratory conditions to 30 KVAC. Don't let your fiberglass boom be a sacrificial item which costs thousands of dollars to fix. Let the "Protect-Tip" do it's job, when worn, simply remove, recycle and install a new one. No down time and no fiberglass shops.

C4000SO

C5/6000SO

Protect it with "Protect-Tip"

Colors Available:

Safety Orange Light Blue Red
Dark Blue Yellow White
Green
