

## WE RESPECT ANIMALS

Our company has a strong determination that drives us to do everything possible to create cruelty-free products (avoiding animal exploitation) by using cutting edge technology to create sustainable materials.

### 1. COLLABORATIONS & CHARITIES

Save The Duck is not confined to its core business: following the brand essence, we chose to cooperate with NGOs to keep fulfilling our mission of respecting and protecting animals.

#### PETA

People for the Ethical Treatment of Animals (PETA) is the largest animal rights organisation in the world, with more than 6.5 million members and supporters. PETA focuses its attention on the four areas in which the largest number of animals suffer most intensely for the longest periods: in laboratories, in the food industry, in the clothing trade, and in the entertainment industry.

#### LAV

LAV was established in 1977. Since then, every day, it fights for the affirmation of animal rights and fights all forms of animal exploitation. Its mission is to practice and promote cultural change in the relationship with other animals that leads to lifestyle and political choices based on respect and solidarity towards living beings, without distinction of species.

## SAVE THE DOGS

Save the Dogs and other Animals was conceived to address the plight of stray dogs in Romania. The association believes that society has the responsibility to protect animals, both because of the objective value of the single individual, as being able to suffer and to have feelings, and to the positive and irreplaceable role of animals within human society.

## 2. AWARDS

Thanks to the constant commitment to protecting the environment and animals, Save The Duck has received prestigious awards from major world organisations.

### VEGAN FASHION AWARD

In 2014, Save The Duck won the Vegan Fashion Award awarded by PETA Deutschland (People for Ethical Treatment of Animals, a non-profit organization supporting animal rights).

### PETA Innovator for Animals Award

In 2016 Save the Duck won the PETA Innovator for Animals Award thanks to its special Plumtech® technology.
