

# Manual for Rotor trimmer

The Rotor Leaf Trimmer is used for separating protruding excess leaves and cutting twigs from a variety of plants and flowers. They can also be used to cut plants and bushes like rosemary, oregano, basil, mint, lavender, coriander, parsley, and to prepare essential oils and mixed flowers for aromatherapy and potpourri. With just a few electric drives, small leaves will be blown into the gear box by inside fan for easy disposing.

## Operating Process

### Switch on:

Connecting the power supply and turn on the leaf trimmer with the green button

### Selecting the speed:

Speed 1: 1050r/min  
Speed 2: 1250r/min  
Speed 3: 1450r/min

### Placing the untrimmed plants on the blade grate:

1. Place plants on top of the blade grate
2. Move back-and-forth and rotate it at the same time.
3. The fan will roll the plants into the gearbox, and blades cut the plants.

**Notice:** Must wearing the gloves when operating this step

### Getting the large buds / fruit:

Remove the stainless steel bezel, buds / fruit will be swept into the pipeline.

### Overturning the trimmer:

Overturn the trimmer to get the buds/fruit is also available. When reversing it, the electricity will be cut off automatically to protect the worker's safety.

### Collecting leaves for future use:

When the catch bag is full, remove it and pour the leaves or petals in another bag or just use another catch bag under the gear box. Depending on the type of plants, the trimming can be used for the preparation of plants' essential oils.

### Switch Off:

Switch off the trimmer by pressing the green button, and then cut off the electricity.

## Technical Datas:

- \*Condition: Brand New
- \*Material: Stainless Steel
- Blade Materials: Stainless Steel
- Motor:copper core with iron shell
- Stand materials: Rubber
- \*Power: 220v 50hz
- \*The first Gear Motor 1246RPM 60W;
- \*The second Gear Motor 1322RPM 72W
- \*The third Gear Motor 1406RPM 130W
- \*Speed 1: 1050r/min
- \*Speed 2: 1250r/min
- \*Speed 3: 1450r/min
- \*Blades: 3 adjustable blades
- \*Diameter: 18"
