PET PRODUCTS**

PET SPECIALTY LOOKBOOK

Based in Irvine, CA, Majestic Pet Products, Inc. is a leading pet products manufacturer. Majestic's roots date back to 1994 when they started producing dog collars and leashes and has since expanded their product line to include a variety of pet beds, cat trees, crates, gates and more. The Majestic team includes some of the most talented product developers, graphic designers, customer satisfaction aficionados and marketing pros, all lead by a top notch management team. Majestic's continuous development of modern and innovative products has garnered them a reputation of quality and excellence within the industry.

Our mission at Majestic Pet is simple - it is to create quality products that offer great value and provide exceptional customer service, all while sharing in our success to support worthy causes. We promise to continuously offer the finest products and customer service in order to keep you, and most importantly your pets, happy. You can find Majestic Pet products sold nationwide through leading pet specialty retailers.

Majestic Pet Products, Inc. has built a great reputation in the business and has now become a leading value-added manufacturer and distributor of quality pet products. All of Majestic products are designed in the United States. Now, more pet-loving consumers than ever before are asking for Majestic by name.

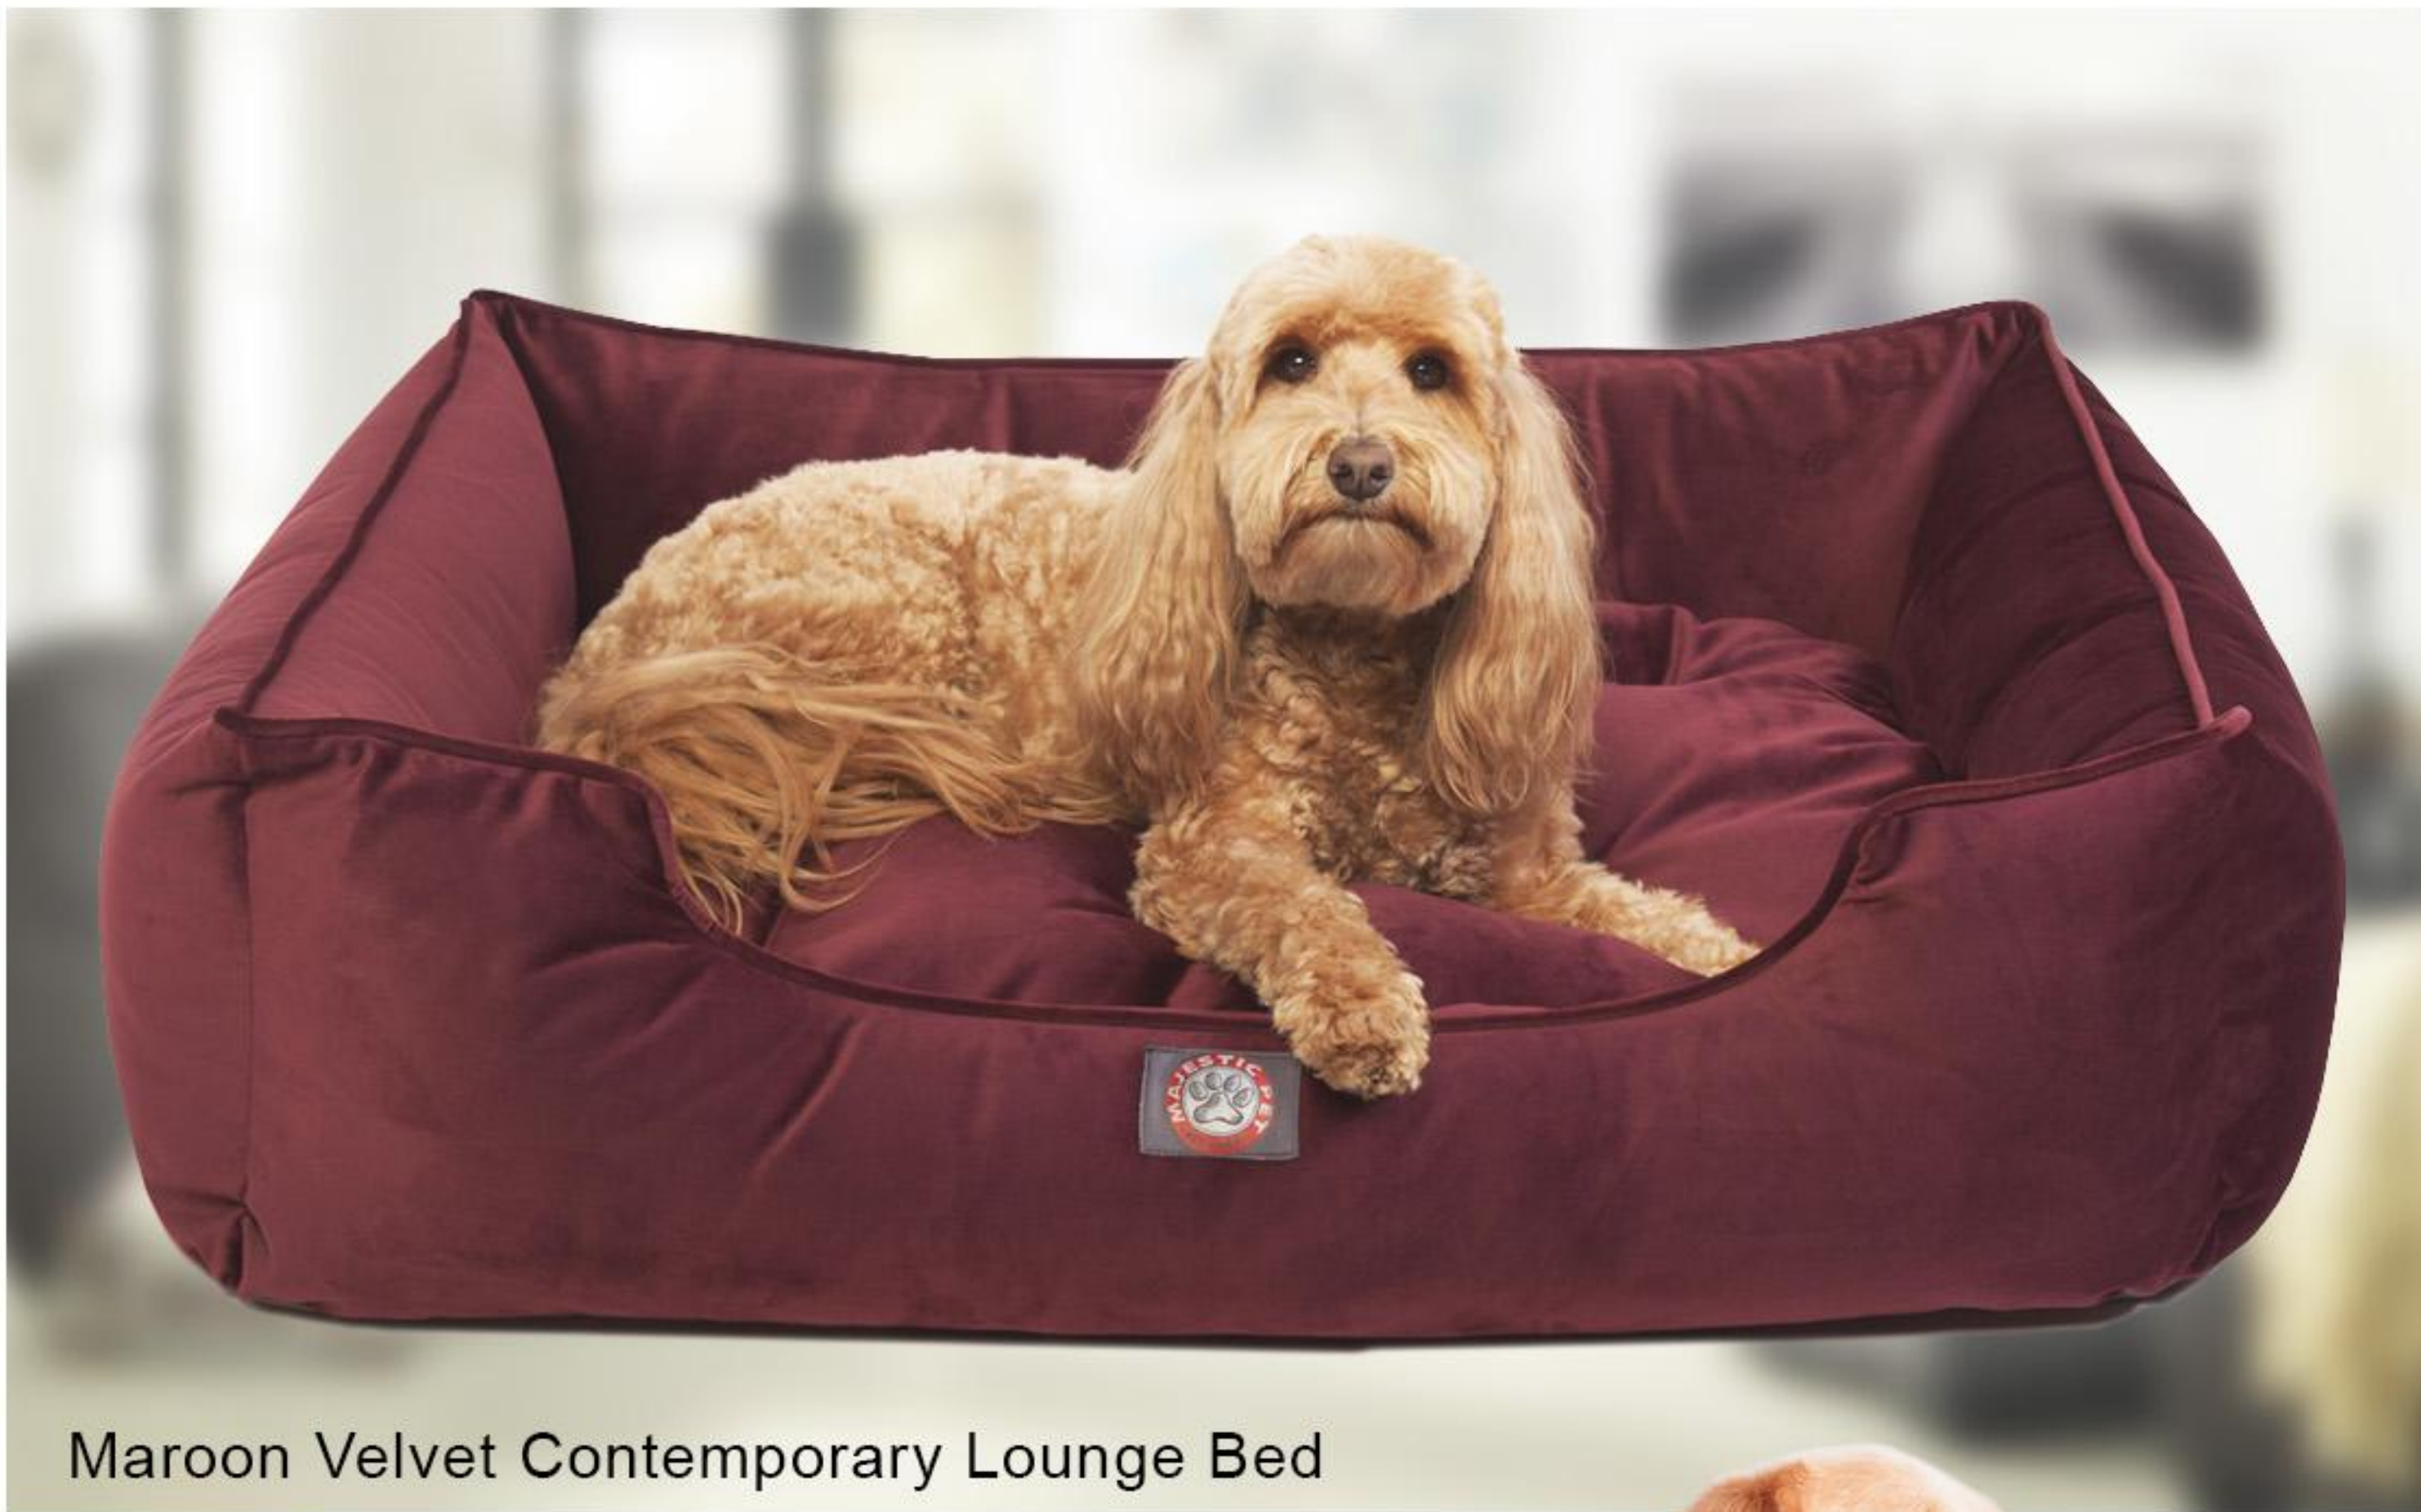

Navy Fusion Contemporary Lounge Bed

Majestic Pet, Your Trusted Leader in Pet Beds and Supplies for Over 24 Years

- Majestic Pet will transform the look and feel of your store. With our bright, colorful and cheerful patterned and solid fabrics, we give your store an entirely new look. By placing Majestic Pet Beds near the front windows and doors, they will help draw foot traffic into your store.
- Majestic Pet uses only the most durable, fashion forward, high end fabrics. The very same fabrics used in fine home furnishings for sofas, chairs and decorative pillows.
- Majestic Pet uses a water resistant non-skid denier fabric on the base of its beds to help prevent unwanted moisture from soaking through to the floor
- Majestic Pet uses only the Best zippers from YKK on its products. These are the same zippers used on your favorite pair of Jeans. They are made to last.
- Majestic Pet beds are sewn with overlock stitch technology to ensure the strongest seams possible
- Majestic Pet inserts are filled with eco-friendly super plush polyester fiber. Not only does this fill ensure your pet's best support and rest, it also ensures we do our part for the environment. Our Super Plush eco-friendly fill is made with recycled plastic bottles to ensure a sustainable environment
- Majestic Pet pays attention to every detail. Even the thread we use is a heavy duty 100% polyester thread to ensure our beds stay together and do not unwind at the seams
- Majestic Outdoor beds use a 1000-hour UV resistant, heavy duty polyester fabric. All of our patterned fabrics are designed, printed, finished and tested for durability in the USA.
- We do our part to try and keep jobs in the U.S.A not only through manufacturing as much of our product as possible in the USA, but also by ensuring we do our best to source from suppliers that do some sort of manufacturing in the USA.
- Majestic Pet Beds are easy to clean. Whether you have one of our beds with a removable cover or sewn closed beds. All Majestic Pet beds are machine washable and dryable. We recommend using an oversize laundry mat washer and dryer or if doing it at home you must use a washing machine without an agitator.
