## SAFETY PRECAUTIONS

### **WARNING-DO NOT EXCEED RATED CAPACITY**

**WARNING** - Do not use the Hydraulic Table in lifting or moving or persons.

**WARNING** - This table was designed for use on hard, level surfaces capable of sustaining the load. Use on other than hard, level surfaces could result in load instability and possible loss of load resulting in property damage and personal injury.

**DANGER** - Keep clear of the scissor lifting frame beneath the table for lifting or lowering operations. Scissor lifts have pinch areas between the frames which can cause serious injury if hands or feet are not well clear of this area.

**WARNING** - Do not use attachments or adapters of any type to modify this lift.

## SAFETY PRECAUTIONS

**WARNING** - Set the brakes on the rear casters when loading or unloading.

**CAUTION** - When not in use the table shall be fully lowered. Lock in a safe, dry place and keep away from children.

**CAUTION** - Do not over-reach. Keep loads evenly balance over the center of the table. Excessive loads on the top or sides of the table may be unstable with the danger of the table toppling over and causing injury or property damage.

**WARNING** - Failure to heed these warning may result in personal injury and/or property damage.

## GENERAL TIPS FOR SAFE OPERATION

1. Keep work area clean. Cluttered work areas invite injury. Do not use in damp, wet or poorly lit locations.
2. Keep table wiped down and clean. Do not expose to prolonged wet or corrosive conditions.
3. Cover the table and store it in a dry, protected environment.

## MAINTAINNENCE

1. Periodically check the tightness of mounting bolts and electrical connections. Remove all dirt or corrosion and always keep clean.
2. Lubricate the wheels to maintain smooth roiling.
3. Inspect all joints and bolts periodically. Remove from service if any cracking or if the frame is bent or deformed.
