

Power Pong 3000 Ball Machine / Easy setup instruction:

You're welcome to call me when you receive it for a quick set up and operation instruction. 714-280-6821

Open the box and place your ball machine on the top of the table.
Push down the net and push the legs forward facing the net on the table.
Loosen the screw on the back.

Turn the head around and adjust the head heights to the #3 line on the pipe to the top of the base.
Plug in the cord inside the machine.
Align and push down the corners of the recycling net, and attach it to the net on the table as shown in the picture.

Connect the machine to the control box with the connecting cable. Plug in the ball machine to the electric outlet.

Please wash the balls before using them!
Have fun!
