One Lock. More Privacy. More Security.

## PRIVACY INDICATOR LOCKS

- ✓ Commercial Grade
- ✓ Directly From Manufacturer
- ✓ 6-months FREE Replacement Warranty

Door handles have a major problem. You have to pull on them to see if they are locked. When this happens with a restroom, it is uncomfortable and embarrassing for everyone. Vizilok door handles display “IN USE” or “VACANT” so that every private room can feel pleasant, safe, and secure.

VIZILOK™

Nothing can cause someone to feel uncomfortable faster than someone trying to get into what is supposed to be a private space. If you've ever been using the restroom and someone starts jiggling the handle trying to get in, you know what we're talking about. We want your customers and employees to feel safe no matter where they are. With VIZILOK Indicator Locks your customers will always feel safe with limited disturbances in private spaces.

## WHY BUY INDICATOR LOCKS?

### **Privacy for those inside:**

Limit disturbances and avoid "Oops!" moments for you and your guests.

### **Clarity for those outside:**

Going to the bathroom shouldn't be a guessing game. The clear "VACANT" and "IN USE" indicator is visible, even 50 feet away!

### **Quality:**

Commercial grade means durability, a lock that'll last.

### **Safety:**

Emergency slot allows unlocking with a flat pin/key, just in case.

### **Simplicity:**

Quick and easy surface mount installation with just one screwdriver.

### **Design:**

Attractive finishes complement any door and décor.
