

# 3 POINT HITCH

13610000

Use your skid steer to power all your tractor attachments. With our 3 point hitch with adjustable 3 point arm latches and multiple top link holes, no attachment will go unused.

This is a simple attachment that will save you money and time by allowing you to interchange your tractor attachments for use on a skid steer.

- use with Hay Spear, Boom Pole, Yard Tools, Light Duty Disk and many more
- 3" x 3" Square Tubing 1/4" wall
- 3/8" Thick Sides
- The "Slides" are 2" Square Tubing with 1/4" wall
- Durable construction allows most tractor attachments to be interchanged without changing the actual attachment hook-up
- 2 5/16" receiver ball included
