

ARTIST SUBMISSION APPLICATION

How can I sell my work at Made?

If you're interested in selling items at Made, please fill out our artist submission application for consideration. We review each and every submission to determine if the item(s) meet our needs and fit with the character of our store. Please note that we do receive a high number of calls and e-mails regarding submissions. As such, if we determine that your item(s) don't meet our current needs, we may not be able to respond to your submission (although we do try our best to respond).

How does selling at Made work?

Made *does not* work on a consignment basis; rather, we buy your items at a wholesale price that you must determine.

Can I bring samples of my work to Made to show you in person?

Out of respect for our customers, we ask that artists not pitch items to us at Made during business hours. Please fill out the submission form below, and submit the form to us via e-mail or drop off a copy in person. If we are interested in your work, we may schedule a time for you to come by and show us your items in person.

Artist Information

Name: _____

Business Name: _____

Address: _____

Phone Number: _____
