

ThruCut™ CONNECTING BARS

GENERAL

- Thank you for purchasing the SPEARONS ThruCut™ CONNECTING BARS
- The SPEARONS ThruCut™ CONNECTING BARS link with the ThruCut™ S700 saw horse pair to support cutting large materials & can create a job-site table
- Copyright 2024 Spearons Ltd
- Spearons Ltd, Ringehay Farm, Basford, Staffordshire, UK, ST13 7ET

FEATURES

- Prevents your work surface from sagging
- Creates job-site table
- Anti-Vibration rubber accessory insert
- Easily folded & packed away onto the ThruCut™ S700 saw horse
- Powder coated weather resistant

OPERATION

- Unfold the ThruCut™ CONNECTING BARS
- Using the end hooks, hook onto the side of the extrusion on the ThruCut™ S700 saw horses
- Use the adjustment screw and locking nut to remove any positive or negative bow
- Store the ThruCut™ CONNECTING BARS by simply folding them in half and hook them onto the ThruCut™ S700 cross member

CAUTIONS!

- Do not apply direct lateral weight across the centre of the ThruCut™ CONNECTING BARS
- Ensure the ThruCut™ CONNECTING BARS have linked with the top of the ThruCut™ S700 saw horse correctly
- Do not place fingers in-between the ThruCut™ CONNECTING BARS when folding away
- Do not use as a step ladder or standing platform
- Do not drop material from height onto the ThruCut™ CONNECTING BARS
- Do not attempt to move the ThruCut™ S700 saw horse when the connecting bars are linked

WARNINGS!

- Do not stand on ThruCut™ S700 saw horse
- Do not use as scaffolding
- Do not manoeuvre the ThruCut™ S700 saw horse when weight is on top
- Do not stack multiple ThruCut™ S700 saw horses on top of one and the other to gain extra height

To reduce the risk of injury, the user must read and understand the product datasheet.
