

FLYING START | The airport will be fully operational next year

1st trial flight at Navi Mum airport on Oct 31

Bhalchandra Chorghade
NAVI MUMBAI

After much delay and dead-line extensions, the first aircraft at the Navi Mumbai International Airport (NMIA) will land on October 31, albeit on a trial basis. The aircraft will travel after the commissioning of the Instrument Landing System (ILS), which is part of calibrating flight path to ensure operational readiness of the airport.

Sources close to the development said that the Airports Authority of India (AAI) conducted ILS testing last month but could not finish it in the wake of inclement weather conditions. They said, “They plan to conduct the testing again from August 12. Once the testing is done, the pathway is calibrated and the report is submitted, further process would be carried out as a lot of tests and permissions need to be taken before making the runway operational.”

When asked if any specific timeline has been decided to make the highway operational, the sources said, “If

everything goes as per plans, we will see the first aircraft landing at the airport by October 31. However, this landing would be on a trial basis, while the first phase of the airport will be operational by March 31, 2025.”

ILS is a precision runway approach aid based on two radio beams, which together provide pilots with both vertical and horizontal guidance during landing. While the localiser component of the system provides lateral guidance such as whether an arriving aircraft is in alignment with the central line of the runway to a pilot, the

glider path component of the system gives vertical guidance like altitude.

Recently, the International Air Transport Association (IATA) awarded ‘NMI’ as location code to Navi Mumbai International Airport Pvt Ltd (NMIAL). It is one of the important milestones for the airport and a step towards asserting its global identity. IATA codes are an integral part of the aviation and travel industry which help identify destinations and traffic documents of a commercial airline. In addition, this three-letter code also facilitates smooth running of hundreds

of electronic applications, which have been built around these coding systems for passenger and cargo traffic purposes.

In its initial phase, the airport will have a capacity of 20 million passengers per annum and 0.5 million metric tonnes per year cargo capacity. While the first and the second phase of the mega airport will have one runway, one terminal building and a passenger capacity of two crore, the second runway, four terminals along with an increased passenger capacity of nine crore will be the part of phases 3, 4 and 5.

No signboards in Marathi on 3,388 shops

FPJ News Service
MUMBAI

Following up on whether shops and establishments have put up signboards in Marathi, the BMC inspected 94,903 premises across 24 wards between November 2023 and July 2024. Action was taken against 3,388 establishments for failing to comply with the Maharashtra Shops and Establishments (Regulation of Employment and Conditions of Service) Act, and a total fine of Rs1.35 crore was collected from the violators. A civic official said there are around five lakh shops and establishments. By July-end, 3,388 shops were found to be erring. Violators are in D-Ward (Malabar Hill, Grant Road), S-Ward (Vikhroli, Bhandup), G-South (Worli, Prabhadevi), H-West (Bandra, Khar), G-North (Dadar, Sion), and E (Byculla).

Ganpati fest: Ponds on Google maps

FPJ News Service
MUMBAI

For the upcoming Ganeshotsav, the BMC will compile a list of artificial lakes and ponds available on Google Maps, allowing citizens to easily find the nearest waterbody for immersion. According to Deputy Commissioner (Circle 2) and Ganeshotsav coordinator, Prashant Sapkale, the civic body has also planned to provide home delivery of eco-friendly idols. This initiative aims to reduce the carbon footprint and promote sustainable practices. The BMC has also introduced a new system for granting permission to sarvajanik mandals. As per the one-window scheme, those who have followed rules for the past 10 years will be given permission for five years.

Story In Picture

A shame that this Dahanu village lacks crematorium

In a shocking incident that can even put death to shame, residents of Sonale Khubropada in Dahanu were seen struggling to perform the last rites of a loved one amidst heavy rainfall as the area lacks a crematorium. The residents were performing the last rites of Jairam Jirwa, a 56-year-old resident who died of a heart attack, when it started raining and the villagers had to hold up a plastic sheet to

prevent the burning pyre from dousing. This photo describes the sorry state of basic facilities in the interior

parts of the district where even after death, the torture of death is not over.

Badlapur blast: Owner of Rare Pharma booked

NK Gupta
BADLAPUR

The Badlapur East police have booked the owner of Rare Pharma in connection with the major explosion at his chemical factory at Manekwadi MIDC in which a man, his wife and four-year-old daughter were grievously injured while asleep.

The explosion was so intense that the reactor’s receiver flew about 400mt and crashed into a chawl. The injured have been identified as Priya Mistri, 4, her mother Dhanshree Mistri, 35, and her father Ghanshyam Mistri, 38.

After the incident, officials from the Maharashtra Pollution Control Board and the Directorate of Industrial Safety and Health (DISH) and chemical experts rushed to

the spot. The police said they called a forensic team and collected several chemical samples and sent them to the laboratory for analysis.

The police said they pro-

cured the factory’s documents and are scanning them to check what kind of chemicals it can process. The drums containing methanol, a flammable substance, also caught fire, resulting in the entire factory being engulfed.

Bhagwat Sonaware, the chief of Badlapur fire station said, “During the investigation, we learned that a total of 15 houses were affected, with fragments from the receiver tank flying out. Out of the 15, the Mistri house was hit by a heavy part of the receiver tank, resulting in grievous injuries to Ghanshyam and Dhanshree’s legs.”
