WHY TO SHOP "OPEN TO ALL"

Feel good when you shop at stores that have signed on to the "Open to All" initiative, a pledge among business owners to adhere to an antidiscrimination policy for employees and the customers they serve. Hundreds of companies are now involved in the LGBTQ initiative started by the Movement Advancement Project, including Michaels (the largest craft store in the nation—take that, Hobby Lobby!), Nike, Ben & Jerry's, Coach, Kate Spade (coat & bag left) Ralph Lauren, Gap, Old Navy, Levi Strauss & Co., Airbnb, Marriott, and hundreds more small businesses nationwide. WHY TO CONSIDER "MADE IN TAIWAN"

Many products are manufactured in China, a country that isn't quite evolved on LGBTQ rights. It might be time to start shopping its LGBTQ-affirming island neighbor instead. Taiwan, often regarded as the most liberal East Asian country, became the first Asian nation to legalize same-sex marriage earlier this year. Plus: Its Pride parade is the largest in East Asia.
