Jeffco 8900 Shampoo Bowl

Instructions for Mounting

Fasten mounting plate to wall. Place bowl on top of plate flange with back side of bowl against leveling bolt. Use two 5/16" - 18 x 1/2" rd. hd. screws with 3/8" x 1" washers to fasten plate flange to underside of shampoo bowl. (Do not overtighten.)

Jeffco recommends the height as suggested for hanging bowls at most suitable neckrest height. However, bracket may be located to suit individual preference.
