**Liner Carrier**

**Footsie Bath Liners**

- **This unit comes with 10 free Footsie Bath Liners.**
- **Packs of 100 Footsie Bath Liners are sold separately.**
- **Footsie Bath Liners are disposable and are made for one-time use and easy clean-up of your pedicure tub.**
- **Simply place a liner into the Footsie Bath, add warm water (Do Not exceed the maximum fill line) and you're ready to give a good massage.**
- **When finished, empty the water and dispose of the Footsie Liner.**

- Before using the Footsiebath Tub, make sure the tub is clean and a new clean liner is put in the tub.
- Fresh warm water is then poured into the liner which is supported by the Footsiebath Liner Carrier (page 3 at top).
- The water temperature should be between 100°F and 115°F.
- Further information is included in the 9 page manual.

**NOTE 1:** In a typical upscale salon – the pedicurist would use the Footsiebath 8 to 10 times per day (once per hour, 6 days a week). However, a regular professional salon may do twice the number of pedicures (averaging 16 to 20 times per day, 7 days a week).

**NOTE 2:** The Footsiebath is designed to work on any hard and stable surface – even the floor – place the unit in front of the client. A flat towel can also be placed under the unit in case of any water spillage.

- **ECL certified for use in Canada and the United States of America.**
- **Voltage Rating = 120V ~ 60 Hz.**
- **Tub Heater = 80 Watts.**
- **Safety Classification = Double Insulation.**
- **Duty Cycle = Continuous.**
- **This device has NO User serviceable parts.**
- **Contact Keller International for maintenance or repair.**

**NOTE: Conforms to UL Standard 1647 – Certified to CSA Standard C22.2 No.68.**

- **This unit will fit other Name Brand Portable Pedicure Tubs, Hydro-Therapy Foot Massagers, Heated Jet Spa Foot Baths or Bubble Foot Spas – as long as they can fit the Footsie Bath Dimensions (15” long by 14” wide by 9” tall).**

**NOTES:**

- 1. Generally, a heated massage should not last more than 10 to 15 minutes.**
- 2. Treatments may be applied once or twice daily as desired.**
- 3. Allow unit to cool before using again.**
- 4. Adjust massage times to suit your client’s health needs.**
- 5. Consult your physician for any concerns regarding the use of this equipment.**
- 6. Read the 9 page manual concerning Contraindications and other operating instructions.**
- 7. Footsie Bath should be operated with water only.**
- 8. Do Not operate the Footsie Bath without a plastic liner in the tub.**
- 9. Follow all State and Local regulations for the use of this type of equipment for Pedicures.**
