The HG1 Circle Base is assembled using the HG1 Pump and a 4-hole patterned 600mm Plate. The HG1 Pump will also fit on a 4-hole patterned 660mm Barber Chair Plate. The HG1 Circle Base is designed specifically for All-Purpose chairs – that recline – for extra stability. The HG1 Circle Base will also fit any Keller Styling Chair – when extra stability is desired - at a small additional cost for the upgrade.
