KUZCO

A COURSE IN Crystal

Latest designs in the material bring it from traditional air to modern taste.

1. Luxurious, jewelry-inspired elements elevate the 13-inch Beckham wall sconce from **2ND AVE LIGHTING**. Crystal baguettes provide prismatic brilliance while illuminated by LEDs for an energy-efficient light source. The baguettes are complemented by rows of crystal beads above and below. www.2ndave.com

2. The curlicues on **CURREY & CO.**'s Galliard chandelier are covered in rhinestones and crystals, bringing a shot of shine when the 6 lights are switched on. Its wrought iron frame wears a Silver Ice finish, adding to the glam factor. www.curreyco.com

3. The Solaris Collection from **KUZCO** is made of diamond-cut clear crystals that reflect the light to create a sparkling statement. This two-layer dimmable LED chandelier delivers 9,100 lumens. www.kuzcolighting.com

4. Elongated and angle-cut K9 crystals drape elegantly from a Winter Gold frame on the new Gwyneth chandelier from **CAPITAL LIGHTING**. The soft curves of the frame give a fresh shape to the classic idea of a crystal chandelier. www.capitalightingfixture.com
