

KUZCO

Emulating the table shape over which it hovers, the Eerie suspended fixture directs a soft diffusive light up and downward from its elongated inner circumference. The Minimalist aesthetic of the continuous rounded band and the cable wires contribute to the Modern appearance. Eerie is available in multiple sizes and curated finishes.

PROGRESS

Part of the Jeffrey Alan Marks for Progress Lighting's Design Series Surfrider Collection, these pendants feature rows of wave-like metal that are combined with braided cords and suspension hooks for an "Industrial Meets Modern" look. The Surfrider pendants can be specified in either a Galvanized or a Malibue finish. www.progresslighting.com

KUZCO

With its latticework arrangement of tubular lights, the Draven series boasts Contemporary flair. Brushed Gold accent rings and opal finial diffusers are finishing touches. Draven can be ordered in multiple chandelier and wall sconce versions. www.kuzcolighting.com

VAXCEL

This vertical 1-light sconce, from the VILO Collection, blends simplicity with sophistication. The Golden Brass finish on the brass backplate complements the water glass diffuser. www.vaxcel.com
