

PRW Standard Oil Finish - Three Part Proprietary Blend Tongue Oil, Linseed Oil and Varathane - This is the same formula PRW has used for many many years. The claim is that once the oil has dried properly then it no longer off gasses and loses its toxicity. Usually this process will naturally happen in 1 - 2 months. Please see the link below for off gassing info.

All Natural Beeswax - Resourced - This is mixed into the PRW finish on tops only of night stands and dressers to help repel water

All Natural Tried and True - Original Wood Finish - Primarily polymerized linseed oil. Tends to have a lingering linseed scent for 3 months but does subside. Tends to have a stronger linseed scent for 3 months but does subside. For those of you with chemical sensitivities: This is an all natural product but you need to make sure you do not react adversely to this product.

Daddy Vans All Natural Unscented Beeswax Furniture Polish When we use Tried & True Oil finishes we use Daddy Vans and hand rub it into the tops of night stands and dressers to help repel water.

Oil Application - All furniture products get one to two coats of oil applied and hand rubbed into the wood. Wax is only applied to dressers and night stand tops.
