Please use these markings to line up Page 1 & 2.

1. Use these marks  to line up & tape **Page 1 & 2** together.
2. While seated, place heel against the bottom edge & side of foot against the left edge.
3. Read the length of the longest toe. If it falls between lines, use the greater length.
4. Read the width by placing the right side of foot to the width scale.

Please do not include additional space for either length or width.

This is a rough guide, please do not scale while printing.
