TYPE A

## 5L Low pressure Gas Geyser

LPDH5

Our light compact 5lt will make sure you have hot water wherever you are. This unit is great for camping trailers and outdoor showers. By simply connecting to a gravity fed water supply or pressure pump you can end your day with a hot shower.

- Can be installed indoors without a flue
- 84% energy efficiency
- Ventilation is required
- Oxygen depletion sensor (Flame failure safety device)
- Starts up with very low water pressure (1 liter per minute)
- Compatible with mixer taps
- Anti-freeze function
- Requires no electricity - flame ignition and geyser function are battery operated

For outdoor use under a cover  
or indoor use with no flue
