Chan Cha 禪茶 Donation

in cash

We also carry unique red teas made by Fa Yu Fa Shi, a monk from the South Shaolin Temple. Historically, many monks in China make teas, known as Chan Cha, to share with visitors as a gesture of compassion and to create karmic connections. But the practice is becoming rare nowadays. We want to support Fa Shi's devotion to keeping the Chan Cha making tradition alive by asking you for a cash donation in exchange for a Pao of his handmade red tea. Every penny goes back to Fa Shi's Chan Cha work. Thank you for your generosity and continuing a tradition of compassion for all.
