Student Programs

Students should expect their interactions with their school community to leave them feeling accepted for who they are.

unlearn's interactive workshop, keynote and assembly series explore the mechanisms that we can use to interrupt stereotypes and challenge societal norms that marginalize others. Our student services provide youth with access to rich learning experiences that establish a strong foundation of critical thinking skills, leadership, global citizenship and self-confidence that can continue outside of the classroom and into the community.

Our programs are designed to help schools meet the objectives of Ontario's Equity and Inclusive Education Strategy.

Student Program topics include but are not limited to:

Social Justice & Human Rights; Anti-Bullying; Unconscious Bias; First Nations, Metis and Indigenous Peoples; Equity, Inclusion & Diversity; Privilege, Racism & Ethnicity; Gender Identity & Two-Spirited Awareness; Wealth Disparity; Climate Change; Religion & Culture; Power & Privilege.
