## Professional Development Programs

Equity is essential for improving student achievement and promoting student and staff well-being.

unlearn's Professional Development Workshops empower educators to develop and implement Culturally Responsive and Relevant Pedagogy (CRRP) by applying an equity lens to important social justice and human rights issues. Our workshops help participants to explore their unconscious biases and examine how they can be reinforced by the media, their experiences and their relationships.

unlearn programs are designed to help schools meet the objectives of *Ontario's Equity and Inclusive Education Strategy*.
