WALZ CAPS - TEMPLATE - 4 PANEL CAP

Trim Line (Full bleed must extend beyond)   Elastic Region   Bleed (Art <u>must</u> extend to this area)

We recommend the following value for a true black (CMYK: C=75% M=68% Y=68% K=90%) but will honor whatever black <u>you</u> designate in the file.

Colors are subject to variation on product and may not match 100%. If PMS colors are provided they will be matched as close as possible, however we do not guarantee exact PMS matching.

This is the elastic region on back of cap. You may encounter legibility issues near here.
