

STONE FOREST BATHTUB WEIGHTS AND MEASURES

Please note that the following information is for reference only.

Due to the hand carving of each tub, a small variance in size is to be expected. This small change in size can have a dramatic effect on the volume and weight distribution of each tub.

If more exact measurements are required, they must be taken from the tub once it is on site.

Your floor must be flat and non-deflecting when the tub is installed. Stone Forest cannot make recommendations for floor structure. Please consult with your local architect, contractor, or structural engineer for suggested floor support and construction.

Item	Description	Size	Dry Weight	Approximate Water Volume (4" from rim)	Approximate Footprint (sq. inches)
C40-NAT	Natural Bathtub	one-of-a-kind	2500-3500	100 gallons	varies
C40-60	Bathtub	60"x36.5"x23"H	1800	50 gallons	610
C40-72	Bathtub	72"x44"x26"H	2500	85 gallons	950
C41-68	Old World Tub	68"x37.75"x24"H	1800	80 gallons	1510
C42-68	Roman Tub	68"x37.75"x22"H	1800	75 gallons	1240
C44	Oval Soaking Tub	47.5"x39.75"x42"H	2400	100 gallons	1080
C45-60	Round Bathtub	60"diam x 22"H	2000	90 gallons	1015
C46-68	Papillon Bathtub	68"x44"x26"H	1800	80 gallons	375
C43-66	Calma Bathtub	66"x36"x24"H	1800	65 gallons	1250
