★★★★★ Great for Camp

This was exactly what I was expecting. It was the perfect size for my kids to keep their valuables in while at sleep away camp. We had no issues with opening the safe once we received it. The instructions were clear and we were able to change the code without any problems.

★★★★★ A Must-Have for the Beach!

This lockbox is very durable and holds quite a bit. It can easily hold my cell phone, wallet, sunglasses, and keys with room to spare. It comes with simple directions to change the combination lock as well as 2 keys. Everything inside the lockbox stays sand-free and dry! The cord wraps easily around the arm of a beach chair. It's a great product and worth every cent!

Gave this as a gift for someone who is an avid golfer and beach goer. Already have seen it put to good use, easily attaching on the bs K of his beach chair. Great product.

★★★★★ Awesome little safe!!!

Awesome little safe. I've taken it now on two trips to the beach and it worked perfectly for my needs. It easily loops around something to keep it secure and also has a cable hole that allowed me to keep my charger battery in the safe while charging my phone or iPad. Sturdy material, nice construction. I definitely recommend this product for trips but also for home safe needs it is handy.

★★★★★ Enough room for 8 passports, wads of cash and a wallet

LOVE this product. I just returned from an extended vacation and used the SAFEGO lock box to store 8 passports, several wads of foreign currency and a person's wallet! Worked like a charm and I felt assured that everyone's belongings would be secure while we were out exploring the island. I highly recommend this product!

★★★★★ Excellent purchase!

Very pleased with this purchase. I love the color and I loved being able to secure my valuables while at the beach. I wasn't worried at all when we were out in the water knowing that my phone, cash, and car keys were secured. The Safego travel locking safe is easy to use and big enough to store multiple cell phones and keys. I am definitely glad I purchased it!

★★★★★ Pleased!

Perfect for our vacations, especially cottages...Works as described...It is NOT heavy. Will order another to use in my office.

Great product. Great way to lock up things while tailgating, hanging by the pool. Saw this on vacation, came home and bought 5 for gifts!

★★★★★ She asked for this as a christmas gift and was delighted with your product

My daughter is going to college and wanted a way to secure her small valuables. She asked for this as a christmas gift and was delighted with your product, it is sturdy and small, a great gift for students

★★★★★ Good find, can use so many ways.

My guy loves this box for the surfing. He can relax and not worry about someone seeing him hide the key. Changed his whole day. It has some size so you can put a lot in it if you needed and use it for so many reasons. Very good find.
