

**VIOLET FISH** | Summer 2015-16

This summer we are so inspired by colour! As always we look to nature for ideas. The Beautiful streaky skies, marbled seas and distant mountain ranges with ancient faces. Then something surprising like this pink salt lake our incredible team sourced for our photo shoot. The perfect backdrop for our beautiful summer range. The focus is on natural colour and natural fibres. We've favoured hues of blue, charcoal, black and mushroom.

Our in-house rose print this year was designed by artist **Melanie Van Kessel**. Look out for it in the **Coelho pant**, the vintage-inspired **Dahl dress** and the amazing **CS maxi skirt**. You won't see this print anywhere else!

One of our favourite pieces is the soft rayon ruffled **Bronte top**. Team it with the **Wilde skirt** for a truly timeless look. Flattering; feminine and versatile; these are garments you can wear all year round.

We've included lots of Fujet viscose fabric for its breathability and natural lustre. The Fujet **Lindsay shorts** are dressy enough to wear to work or a night out. Likewise, the **Austen shirt dress** with tie belt and curved hem. We also always include a selection of our signature rayon knit garments, this summer is no exception! **The Harper dress**, **Haruki Top**, **Carey top** and **Anais T** are all made from this fine rayon knit.

We've had so much fun creating this summer range. Hope you have fun wearing it.
