## Quick Selection Sizes with footed ends (widths include measurement for bushes)

Available in 3-5 working days for primer, up to 15 working days for RAL colours

For our most popular sizes of Priority radiators, simply find the sizes that fulfill your heat and space requirements. If this quick selection does not meet your requirements you can use the sectional stock tables on page 170 to work out other stock sizes to fit your space. Priority radiators are priced with footed end sections included. For more details see information on page 171.

Important note: Due to the weight of Priority radiators, we can only supply complete or part assembled radiators up to a maximum of 10 sections.  
Radiators over 10 sections must be site assembled with a suitable joining key available on a sale or return basis; appropriate nipples & gaskets are supplied.

## Joining Keys

Cast iron radiators come assembled up to a maximum of 10 sections. Radiators larger than these will require on site assembly using an appropriate joining key.

- A Basic joining key is required for 2, 3 and 4 column radiators if there are 3 or less complete radiators needing to be made and if each radiator needs no more than 2 blocks to be joined.
- A heavy duty joining key is required for all 5 and 6 column radiators.
- A heavy duty joining key is also required for 2, 3 and 4 column radiators if 4 or more complete radiators need to be made, or if 3 or more blocks need to be joined to make one complete radiator.
- **The Heavy Duty joining key is available on a sale or return basis.** Joining keys must be specified at time of order for assistance please contact our Customer Service team on 01342 302250, they will also arrange a courier to collect it from you when you are ready.
