## 10. Teeth

*With Self Adhesive Felt Sheet, Pen and Scissors*

First, draw nine triangles on the Self Adhesive Felt Sheet.

Then cut them off one by one with scissors.

This way you can get the teeth of Labubu

# 11. Assembly

First place the head on the body to determine where to suture

Use the ends of the yellow short fluff yarn we had left over from earlier to sew the head and body.

Tie a knot and cut the yarn, tucking the end inside the body.

# 11.1 Assembly

First place your arms at your sides to determine the suture position.

Use the end of the yellow short wool yarn we had left over from earlier to sew the arms and body.

Tie a knot and cut the yarn, tucking the end inside the body.

## 11.2 Assembly

Sew the ears to the back of the head.

Use the remaining yellow yarn ends to sew the ears.

Tie a knot and cut the yarn, tucking the end inside the head.

## 11.3 Assembly

Start stitching facial features.

- ① First use four strands of black cotton thread to determine the position of the mouth.
- ② Then insert the nose into the middle of the face.
- ③ Sew two eyes on both sides of the nose.

## 11.4 Assembly

- ④ Sew eyebrows onto eyes.
- ⑤ Sew the mouth using black two-strand 4-ply milk cotton yarn.
- ⑥ Use hot glue sticks to glue the teeth to the mouth. Because the hot glue is very hot, you can use tweezers to help.

**Congratulations,  
Your Crochet Labubu is ready!**
