MISSION

We aspire to ensure every working K9 receives exactly what they need every time. We purchase top of the line gear to keep them safe and ready for peak operation. We pay for critical medical treatment to help them return to work or to live out the rest of their days in retirement in good health. We established Spike's School, a K9 training program, to offer K9 Handlers and their partners an opportunity to be better, and in turn, keeping them safer on the job.

ABOUT US

Spikes K9 Fund was founded by James Hatch, a retired Special Warfare Operator.

As a K9 handler on several deployments, James' life was regularly spared by the work of K9s – one of the most memorable was Spike. And on James' final deployment, the night he was critically wounded, a K9 spared James' life while losing his own.

After his experiences in combat with the amazing working dogs, Jimmy, with some great people's help, started Spike's K9 Fund. The mission: Provide the best equipment, medical cost assistance, and learning opportunities for K9 Teams.

the K9 hits the streets**

When the K9 is ready to work, there's been significant, essential cost and time invested into their conditioning to ensure they're an asset to their team as well as to reduce the risk of harm to themselves and others when working.

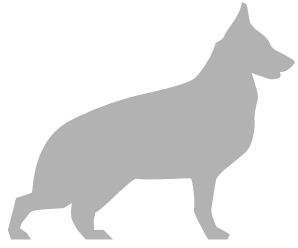

When these K9s require leading-edge gear for their protection in violent or disaster situations, equipment to help their crew be more effective, medical care when they become sick or injured the organization they work for has to make a difficult and often detrimental decision of whether the cost of the need outweighs the cost of the specialized K9. Unfortunately, many departments do not have sufficient funding to cover these necessities.

K9 PIPER KIT CAMPAIGN

EST. 2018 | 762 DOGS HELPED

In order to keep the runways safe, K9 Piper had the essential kit to help him do his job. This is true for all working K9s - without proper gear, they cannot complete their tasks. We created the K9 Piper Kit Campaign for this very reason. All money raised will buy items like heat alarms, GPS trackers, non-ballistic vests, and Rex Specs.

SPIKE'S SCHOOL CAMPAIGN
