

TESTIMONIAL

YOUR DONATIONS AT WORK

"I am so thankful for Spike's K9 Fund. Without them my dogs would've never been vested. They have vested two of my dogs now. I've been able to go to work every day, knowing that if we encounter a deadly force situation that they are protected just like I am. When Radar sees me grabbing his vest, he gets so excited and knows that it's a work day!

"Spike's not only vested our dogs but supplied our unit with new hot and pops for our new vehicles that we got. So now when we are away from our vehicles we are able to monitor the inside temp and make sure they are ok. It's no questions asked they just provide!!

"Back on 11-21-21 my first dog Hydro suddenly passed away. I was heartbroken in so many ways. Then a few days later I received a package from Spike's. They had sent me a challenge coin, a set of dog tags with Hydro's EOW date, and an autographed copy of James Hatch book Touching the Dragon. I immediately started reading and realized that he went through the same heartbreak I was going through and much more. After reading that book it inspired me to reach out for the help I needed to get through it. For me Spike's is not just an organization, it's family!!!!"

Officer Steve Mikac and K9 Radar
Buffalo Police Department, New York
