

Beequip 3x3 Frame Nuc Adapter Kit

Product Code 950-0325

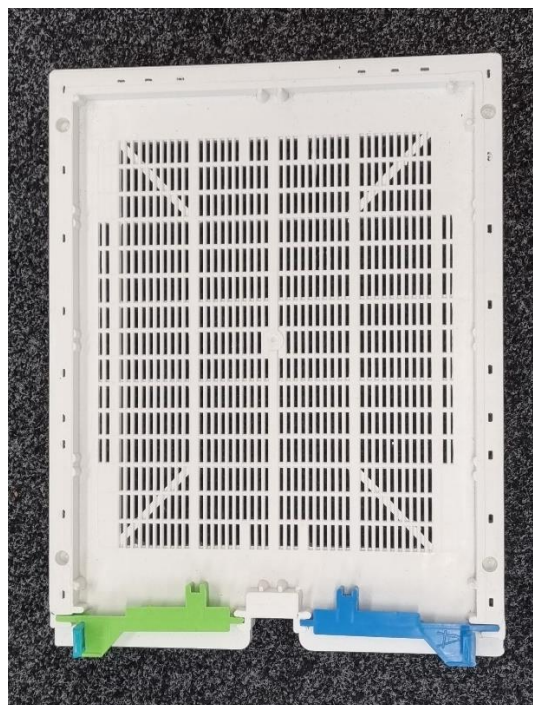

Comprises:-

- 1 x Technoset vented base
- 1 x Pair of nucleus entry guards
- 1 x Q8 rear entry
- 2 x Technoset plastic dividers
- 3 x top feeders for syrup and patties
- 1 x Kitset wooden rim

Convert your beehives to three 3-Frame Nucs!

Simply add your own lid, hive mat, a box of bees & brood, and 3 queen cells to make up these nucleus beehives.

General Procedure: -

Vented base with Nuc entries fitted.

Brood box fitted with divider boards located into nuc entry slots.

The divider boards may need to be lightly trimmed on the ends to fit into some of these boxes in NZ.

Cut small chunk from lug to locate box. (May be done already)

Middle feeder with entry open.

Entry closed

The 3 top feeders fitted and wooden rim.

Back of the hive showing top entry and the Q8 entry fitted for the middle nucleus hive.

Fit hive mat to ensure all feeders are robber-proof.
If both rear entries are fitted, we recommend leaving the top one closed.

Lid fitted and rear entries shown above.
