

CUSTOMER TESTIMONIAL:
 "Dealing with EDC Air Compressors has been a breath of fresh air - literally! Their knowledge of the product and its capability has been excellent, and so have the savings I've been able to make. Our new air compressor is only 7.5kW, but with oversized airends it can output as much as air as many larger units. I'd estimate it's saving us 20% in energy costs."

AIR COMPRESSORS FOR FARMING AND AGRICULTURE

AIR COMPRESSORS

Your new, affordable, energy-efficient air compressor

Scotland's only authorised SCR distributor, covering Scotland and Northern England.

Why EDC Air Compressors?

- * We have a team of dedicated engineers, available 24/7
- * We hold a wide range of air compressors & spares off-the-shelf
- * As a dedicated SCR air compressor distributor we have unparalleled product knowledge and access to the latest manufacturer updates
- * Through our distributorship we can offer the very best pricing on air compressors (so confident are we that we will price match ANY comparable air compressor)
- * Finance available

Tyres / sluicing / spray-painting / dairy machines / crop spraying / wastewater treatment - whatever your application, we have the perfect air compressor.

OPTION 1

4.0HP single phase, belt drive air compressor with a cast iron, slow running 2 cylinder single-stage pump, mounted on a 200L air receiver up to 21 cfm at 10.3 bar. The choice of many farmers & smalholders. A tough, decently priced, well-engineered, workhorse.

COST: £1,095.00 + VAT

Lease option from £6.95 + VAT per week.

We hold a MASSIVE range of air compressors
Contact Gary Miller for full details: 07487 592 077
Carriage free to most areas (please confirm address)

OPTION 2

SCR10PM2 a 7.5kW vsd air compressor. Air delivery: cfm:41 @ 7 bar mounted on a 130L air receiver complete with refrigerant dryer, inline filters and oil water separator. This system is food grade compatible.

COST: £4,744.00 + VAT

Comes with 5 year warranty. Package includes installation up to the value of £500 (T&Cs apply).

* Finance offer:

Should you wish to lease either of the two air compressor packages, you can have these from as little as £6.95 + VAT (option 1) or £24.80 + VAT (option 2) a week. T&Cs apply subject to approval. Service pricing is available upon request.
