

General Leather Care

the right way

Remove dirt
with your clean fingertip
or with a soft, slightly
damp cloth.

Use a cleaner
if in need of deeper clean.
Remember to test using a
hidden area first.

Leathercare If cleaner is
acceptable
gently apply with soft, clean
cloth and follow instructions
of your selected leathercare
product

CLEANING

If the product is acceptable,
gently apply in **circular**
motion with soft, clean cloth
and follow instructions of
your selected product.

Use a wax-free **Conditioner**
in a hidden corner of your leather
article to test for compatibility.

Preserve
your leather article
and keeping it
supple with the right
conditioner.

MAINTAINING

Store
in breathable
container,
example: fabric
bags to prevent
mold

Store in a
climate-controlled area
in order not to
jeopardize quality of
your leather article.

Air
the leather article
periodically to extend
their life.
