

*Pearl says:*  
 'On Christmas Eve we all go ice skating, then we drop presents off at our friends' houses. We come home and decorate our tree with the kids, then we sit by the fire and watch a film or play cards and wrap presents. We try to get an early night as we have to put the turkey in the oven at 7am. We have just moved into a new house and can't wait to spend our first Christmas there.'
