## Water Softening Quality System

**Model EQHP-SFTN**  
Water Quality System

### Features

#### Easy Clear High Performance Water Softening Quality System

- Perfect for low volume iced or hot tea brewers where hard water can affect tea clarity and taste.
- Increases tea stand time.
- Provides 1,350 grains of hardness reduction.
- Minimizes service maintenance and equipment downtime with reduced scale forming minerals.
- System includes a head assembly, integral mounting bracket and single cartridge filter.
- Quick Connect valve-in design simultaneously shuts off and vents water with 1/4 turn, allowing for simple and trouble-free cartridge change-outs.
- Integrated carbon block media to reduce taste and odor.
- 3/8" FNPT horizontal inlet and outlet ports allow direct or easily adaptable connections to existing plumbing lines.
- System maximum operating pressure is 125 psi (862 kPa) and operating temperature 100°F (38°C).
- Automatic pressure relief valve makes cartridge changeout easy.
