The story of ChocoCraft began in 2013. The basic idea was to do something new and exciting with chocolates. We eventually hit upon the concept of printed chocolates.

What makes us different:

- All our raw materials are from the best possible sources globally.
- We remain committed to delivering a quality product and excellent service.
- We have a robust weather proof packaging solution.
- We deliver across India and select international destinations.

Today we are proud to say that our work has been recognised by companies like Facebook, Audi, One Plus, Deloitte, E&Y, Tata, Apple among others. We have worked with more than 350 companies across India and a few companies overseas.

As always what motivates us is the joy in creating a gift that will bring a smile to someone's face.

Thank You
