## RING SIZE GUIDE

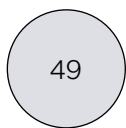

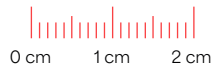

Print this document in **A4 format**, selecting the "actual size" option in the print settings. For mobile users, please orient your screen in landscape mode. Check the scale by referring to the line below: make sure its length is equivalent to that of a **credit card (86mm)**.

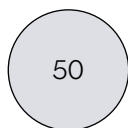

Place the credit card here

You can determine your ring size by placing a perfectly fitting ring on the sizing tool. Identify the circle corresponding to your size by choosing the one whose outline, always visible, is closely adhered to the inside of the ring. The dimensions given in mm below correspond to the size of the ring diameter.
