The 3D assembly drawing illustrates a bicycle frame with various components labeled. The frame is constructed from tubes of different sizes and materials, as indicated by the labels. The components are labeled as follows:

- 4SXPRO-SS P-02M**: A small tube connecting the top tube to the down tube.
- A12M**: A small tube connecting the top tube to the seat post.
- 4SXPRO-SS P-03**: A small tube connecting the top tube to the seat post.
- 4SProR-SS P-01M**: A small tube connecting the top tube to the seat post.
- C10M**: A small tube connecting the top tube to the down tube.
- B2M**: A small tube connecting the top tube to the down tube.
- C3**: A small tube connecting the top tube to the down tube.
- A12**: A small tube connecting the top tube to the seat post.
- 4SProR-SS P-01**: A small tube connecting the top tube to the seat post.
- 4SXPRO-SS P-02**: A small tube connecting the top tube to the seat post.
- ProR-C**: A small tube connecting the top tube to the seat post.
- B2**: A small tube connecting the top tube to the seat post.
- ProR-C**: A small tube connecting the top tube to the seat post.
- C1M**: A small tube connecting the top tube to the down tube.
- P8**: A small tube connecting the top tube to the down tube.
- P7**: A small tube connecting the top tube to the down tube.
- C1**: A small tube connecting the top tube to the down tube.
- ProR-A**: A small tube connecting the top tube to the seat post.
