

SEASIDE DOMINOES

This is a
game for 2 to
4 players.

How to play:

- 1 Ask an adult to help you cut out the dominoes, place them facedown on the table, and shuffle them. Each player picks four dominoes. The leftover dominoes remain facedown.
- 2 The first player places a domino of their choice faceup on the table.
- 3 During each turn, a player must place a domino with a matching number of shells alongside either end of the dominoes on the table. If a player does not have a domino with a matching number of shells, they must take one from the leftover dominoes.
- 4 The first player to place all of their dominoes wins.
